Diesel Mechanic

Description

We are currently seeking a **Diesel Mechanic** to be part of our team!

Here at **S.E. Smith and Sons**, we have many helpful employees to help you expand your skills and grow. We always love to see employees smile once completing a hard task. We are willing to let you grow so you will NEVER be stuck working on only one thing. Who wants to do that forever – right?

Responsibilities

- Diagnose and repair light, medium, and heavy-duty diesel vehicles.
- BIT & DOT Inspections.
- Remove and replace parts as needed.
- Various trailer repairs and fabrication.
- Welding (if qualified).
- Brakes and adjustment.
- Further duties may be assigned.

As one of our Diesel Mechanics, you will have a vital part in the shop with diagnosing issues, making necessary adjustments, completing repairs on removing and replacing all light, medium, and heavy-duty parts- and much MUCH more. We also work on a wide variety of trailers and forklifts. Here at our shop, we work on just about everything, except tires and automatic transmissions.

Qualifications

- Sensitive to deadlines and detail-oriented in your work.
- Strong communication skills with co-workers and the management team.
- Previous experience in diesel repair.
- Knowledge of diagnostic and repairing trucks.
- Strong mechanical aptitude.
- ASE Certified (not required but a beneficial qualification).
- CLASS A license (not required but a beneficial qualification).

Job Benefits

- Paid holidays
- Vacation time off
- Sick time
- Kaiser Health benefits
- Flexible when requesting time off
- Supportive team environment where questions are always welcome
